

Eagles' Wings Stable, Inc.
Therapeutic Riding Center

Your contributions keep our students in the saddle – 50 percent of our income comes from donors like you. The rest of our income comes from student fees – 25 percent, and the remaining 25 percent we receive from annual fundraisers. We are good stewards of the dollars we receive. 85 percent of our expenditures go to program services – keeping students riding, and only 15 percent of dollars spent goes towards administrative costs.
